# THE RAPIDS REPORT

---

## Fun Activities for 2015!

---

In looking at the year to come, the board and other residents have said that it would be so nice to have some activities through out the year where our families could get together. To make this happen, We have a couple of ideas. 1. **Represent your cul-de-sac or street area.** This person/persons would get ideas from other residents, encourage attendance at gatherings and be a welcomed voice for your area. A representative would be in touch with neighbors to be a helping hand. 2. **Communicate ideas with the board.** The most successful associations are those that have good communication with it's residents. We look forward to your ideas and hope to bring our community together through these fun times.

The activities that are being reviewed now are:

- Christmas decorating contest
- July 4th picnic with talent show
- Block Party
- Clean the woods day
- Crazy Pins Family Night
- Amazing race or flashlight tag for kids

Spring Garage Sales  
Thursday, April 30 -  
Saturday, May 2

## News

# Cuttly mobile app gives customers on-demand snow plow, lawn mowing service

By Jaclyn Goldsborough of The News-Sentinel  
Monday, February 9, 2015 - 7:21 am

Need your driveway plowed? Don't we all after the recent snow? Luckily, now there's an app for that. Cuttly is a multi-platform smartphone app created by Fort Wayne native and resident Clinton Beck. Cuttly, available for both Android and Apple products, provides people with snow plowing or lawn mowing services with the simple click of a button, thanks to a network of existing partner

businesses that alerts the nearest service provider using GPS tracking software.

After downloading the app, users can request service by signing in and creating a profile, then submitting the type of service and the address. Then, through a secure website, customers will pay for the service directly using a credit or debit card.

For more information on Cuttly, visit the Google Play Android store or the Apple App Store to download the app for free. You can also visit [www.Cuttly.com](http://www.Cuttly.com) or sign into Facebook and visit [www.facebook.com/cuttly](http://www.facebook.com/cuttly).

### WE NEED YOU!

Please notify the board a week in advance if you have an issue that needs to be presented or discussed.

Next association board meeting  
is Tuesday, March 17 at 7 pm.

## NEIGHBORS ON YOUR SIDE

---

**Ever want to thank a neighbor but you're not sure how? Here is an example of what being a Rapids of Keefer Creek Neighbor means.**

**MY NEIGHBOR : MY HERO,**

When snow falls and a blizzard bombards our area, imposing harsh conditions on our daily life and restricting our freedom of movement, we all think of running to Florida where the weather is more pleasant.

Fortunately, I don't have to rush to go to the Sunshine State. Thanks to my good neighbor Steve who makes this possible. Armed with his snow blower and with support of his family, he always rushes to my rescue. He clears my and adjacent neighbors' driveways and makes our movement possible.

Before going to his teaching job at Carroll High School , Steve teaches us how to be good and caring neighbors.

Thanks to Steve , to his wife Shandra and their three kids: Sam, Seth and Emma. You are my true HERO.

On second thought, you are the reason I did not end up in Florida..Ha.

Frank
